Young people and self-esteem seminars

Following the success of previous training events around the theme of young people and self-esteem, the Health Promotion Agency for Northern Ireland (HPA) has organised a series of seminars, which are being delivered between October and December 2008.

The annual seminars are supported by the Design for Living partnership, comprising Action Mental Health, Youth Council for Northern Ireland and the HPA, and facilitated by key speakers who have vast expertise in the field of mental health, self-esteem and young people. Each seminar will focus on a different aspect of self-esteem and young people.

Potential participants

The seminars will be of interest to anyone from the community, voluntary or statutory sectors who works with children and young people in a range of settings. They will be of particular benefit to youth and community workers, social workers, teachers, health promotion workers, primary care workers and others in the allied health professions who have an interest in the promotion of positive mental health.

Cost

£45 per seminar for community/voluntary organisations
£60 per seminar for statutory/private organisations

Booking

A separate booking form should be completed for each seminar and each person attending. As we anticipate high demand, please return your booking form as soon as possible to avoid disappointment.

You can download a PDF of the flyer, and download or submit booking forms online at: www.healthpromotionagency.org.uk

Child and adolescent mental health
